

EEO1 Source Description

Are you concerned about FCC's EEO audits and wish that compliance was easier?

Well, we have a program that was created by broadcasters to serve the broadcasting community.

EEO1 Source is a comprehensive, web-based, user-friendly portal for easier compliance and record keeping. The time and costs spent in the necessary manual paper work are significantly reduced through the use of **EEO1Source**.

Program Features Include:

- Tracking of job postings
- Automatic notification to agencies in your database
- Recording of referrals and candidate's source of hires
- Listings of Prong 3 initiatives
- Creating public reports with one click
- Conducting and documenting meaningful self-evaluation
- Completing all required FCC forms
- Auto filling FCC audit letters
- Auto filling FCC renewal forms

Investment:

GAB has paid the initial development cost for the **EEO1 Source** Program and will continue to pay for yearly maintenance and upgrades.

Your cost is a one time set up fee of \$200.00 for **EEO1 Source**, If you choose to get the Fax 1 Touch feature built into the program, it will cost from \$120.00 to \$150.00 annually depending on how many faxes you send.
